## **Statement of intent**

At Richmond Hill Primary School, we greatly value the importance of the Early Years Foundation Stage (EYFS) in providing a secure foundation for future learning and development.

This policy has been developed in conjunction with the relevant DfE guidance and legislation to ensure that each child has a happy and positive start to their school life in which they can build a foundation for a love of learning.

We believe that every child deserves the best possible start in life. We aim to make a significant contribution to that start by helping young children to develop a love for learning which they will carry with them through life. It is their right to be safe, healthy and happy and the welfare of the children is central to our provision of care, learning and play. We ensure that children learn and develop well and are kept healthy and safe. We promote teaching and learning to ensure children's 'school readiness' and give children a broad range of knowledge and skills that provide the right foundation for good future progress through school and life.

We seek to provide:

- Quality and consistency, so that every child makes good progress and no child gets left behind.
- A secure foundation through learning and development opportunities which are planned around the needs and interests of each child and are assessed and reviewed regularly.
- Partnership working between practitioners and parents.
- Equality of opportunity and anti-discriminatory practice, ensuring that every child is included and supported.

### 3. Aims

3.1. Through the implementation of this policy, we aim to:

- Give each child a happy and positive start to their school life in which they can establish a solid foundation for a love of learning.
- Enable each child to develop socially, physically, intellectually and emotionally.
- Encourage children to develop independence within a secure and friendly atmosphere.
- Support children in building relationships through the development of social skills such as cooperation and sharing.
- Work alongside parents to meet each child's individual needs to ensure they reach their full potential.

3.2. Four guiding principles shape our practice:

- Every child is a unique child, who is constantly learning and can be resilient, capable, confident and self-assured.
- Children learn to be strong and independent through positive relationships.
- Children learn and develop well in enabling environments, in which their experiences respond to their individual needs and there is a strong partnership between the school and parents.
- Children develop and learn in different ways and at different rates.

3.3. To put these principles into practice, the school:

- Provides a balanced curriculum which takes children's different stages of development into account.
- Promotes equality of opportunity and anti-discriminatory practice.
- Works in partnership with parents.
- Plans challenging learning experiences, based on individual needs, which are informed by observation and assessment.
- Implements a key person approach to develop close relationships with children.
- Provides a safe and secure learning environment.

## **4. Learning and development**

4.1. The EYFS curriculum is based on an observation of children's needs, interests and stages of development.

4.2. In partnership with parents, the school promotes the learning and development of pupils to ensure they are ready for the next stage of education.

4.3. There are seven areas of learning and development that must shape education programmes in EYFS settings. These are split into two sections – prime and specific; however, all the sections are interconnected and important.

4.4. The 'prime' areas of learning and development are:

- Communication and language
  - Listening, Attention and Understanding
  - Speaking
- Physical development
  - Gross Motor Skills
  - Fine Motor Skills
  -
- Personal, social and emotional development
  - Self-Regulation
  - Managing Self
  - Building Relationships

4.5. The 'specific' areas of learning and development are:

- Literacy
  - Comprehension
  - Word Reading
  - Writing
- Mathematics
  - Number
  - Numerical Patterns

- Understanding the world
  - Past and Present
  - People, Culture and Communities
  - The Natural World
  
- Expressive Arts and Design
  - Creating with materials
  - Being imaginative and expressive

4.6. Activities are planned to reflect children's interests and individual circumstances in order to provide each child with a challenging and enjoyable experience.

4.7. The EYFS lead will discuss any cause for concern in a child's progress, especially in the prime areas of learning, with the child's parents. A strategy of support will be agreed upon and consideration will be taken as to whether the child may have a special educational need or disability which requires additional support.

4.8. The school takes reasonable steps to provide opportunities for children with EAL to use their home language in play and learning whilst also ensuring that these children have sufficient opportunities to reach a good standard of English. During assessment, if a child is found to not have a strong grasp on English the EYFS lead will contact the child's parents to establish their home language skills to assess if there is cause for concern about a language delay. Practitioners will ensure that children have sufficient opportunities to learn and reach a good standard in English language during the EYFS, ensuring children are ready to benefit from the opportunities available to them when they begin Year 1.

4.9. Each area of learning and development will be implemented through a mix of adult-led and pupil-initiated activity.

4.10. The school will respond to each child's emerging needs and interests, guiding their development through friendly and positive interaction. Practitioners will consider the individual needs, interests, and development of each child in their care, and use this information to plan a challenging and enjoyable experience for each child in all areas of learning and development. Practitioners will stimulate children's interests, responding to each child's emerging needs and guiding their development through warm, positive interactions coupled with secure routines for play and learning. They will reflect on the different rates at which children are developing and adjust their practice appropriately.

4.11. Activities are planned with regard to three characteristics of effective teaching and learning in the EYFS:

Playing and exploring – children investigate and experience things.

Active learning – children concentrate, keep on trying if they encounter difficulties and enjoy their achievements.

Creating and thinking critically – children have and develop their own ideas, make links between ideas, and develop strategies for doing things.

## **5. Assessment**

5.1. Assessment plays an important part in helping the school to recognise children's progress, understand their needs, plan activities, and assess the need for support.

5.2. In line with statutory requirements, the school will undertake a summative assessment of each child's development at certain stages. These are:

- Progress check at age two – a short written summary of children's development in the prime areas.
- Reception Baseline Assessment – a short assessment which is taken within the first six weeks of a child starting Reception.
- The EYFS Profile – a comprehensive assessment completed at the end of the EYFS to provide a well-rounded picture of a child's knowledge, understanding and abilities, attainment against the early learning goals (ELGs), and their readiness for Year 1.

5.3. Ongoing formative assessments will be used to assess the day-to-day learning and development of children in the EYFS. Practitioners will interact and observe children to understand their interests and learning needs and will use this information to inform practice and provision for each child.

Parents will be kept up-to-date with their child's progress and development, and the EYFS lead will address any learning and development needs in partnership with parents.

The school will ensure that teachers actively engage children, their parents and other adults who have significant interaction with specific children in the assessment processes to provide a well-rounded picture of their development and attainment.

Reasonable adjustments will be made to the assessment process for children with SEND as appropriate.

When undertaking assessment activities, all staff members will have due regard to the school's Early Years Assessment Policy, any advice from the LA, and the 'Early Years Foundation Stage Profile Handbook' and the 'Assessment and Reporting Arrangements' (ARA) for that year.

## **6. Inclusion**

6.1. All children will be valued as individuals irrespective of their ethnicity, culture, religion, home language, background, ability or gender. The Pupil Equality, Equity, Diversity and Inclusion Policy will ensure that the needs of all children are met, regardless of any protected characteristics they have.

6.2. The EYFS curriculum will be planned in order to meet the needs of the individual child and support them at their own pace.

6.3. The Special Educational Needs and Disabilities (SEND) Policy will ensure all children receive the support they need and are given the best learning experience possible. SEND in the EYFS setting will be monitored and managed by the school's SENCO.

## **7. The Learning Environment**

7.1. The school recognises that the physical and emotional environment play an important role in supporting, enabling, and extending pupils' learning and development.

7.2. The school will provide a safe and stimulating environment that values active learning, exploration, and play, where children feel free to create, make links and develop critical thinking skills.

7.3. Early years practitioners will ensure that learning environments are well-organised and suitable for group, individual and whole class learning, with interactive displays and easily accessible resources utilised to encourage independence.

7.4. Children will have access to indoor and outdoor learning environments. Staff will plan provision to ensure that there are a range of learning opportunities available, and that the learning opportunities available in the outdoor environment build on and develop those inside.

7.5. Independent learning will be encouraged through planned continuous provision where children can make their own selection from a variety of resourced areas, including:

- Water Area
- Sand Area
- Construction Area
- Role Play Area
- Creative Area
- Malleable Area
- Reading Area
- Curiosity Corner
- Small World Area

7.6. Staff will support children to navigate and access the learning environment, intervening and interacting where necessary to ensure that all learning opportunities and teaching moments are captured and capitalised upon.

7.7. Appropriate and stimulating educational visits and visitors, from both within and outside of the local community, will be arranged to further expand children's learning experiences.

## **8. Safeguarding and welfare**

- Safeguard children.
- Ensure the suitability of adults who have contact with children.
- Promote good health.
- Manage behaviour.
- Maintain records, policies, and procedures.

## **8.2. Child protection**

Staff will be alert to any issues of concern in the child's life at home or elsewhere. Any safeguarding or welfare issues will be dealt with in line with the Child Protection and Safeguarding Policy, and all members of staff in the EYFS will be required to read this policy as part of their induction training.

The DSL is Rachel Blair. The deputy DSL is Claire Ostle.

The DSL will be responsible for safeguarding children and liaising with local children's services as appropriate. The deputy DSL will undertake the duties of the DSL in their absence, but overall responsibility for safeguarding will remain with the DSL. The DSL and deputy DSL will undertake child protection training as required.

Staff will receive safeguarding training that enables them to understand the safeguarding policy and procedures, have up-to-date knowledge of safeguarding issues, and recognise signs of potential abuse and neglect.

The school will inform Ofsted of any allegations of serious harm or abuse of children by any person living, working, or looking after children at the premises as soon as is reasonably practicable, but at the latest within 14 days of the allegations being made.

## **9. Staffing**

### **9.1. Suitable people**

The school will ensure that it:

- Has effective systems in place to ensure that practitioners and those in regular contact with children within the setting are suitable to fulfil the requirements of their roles.

- Ensures that no disqualified person is employed to work in connection with early years provision.
- Takes appropriate action to ensure the safety of children if they become aware of any information about staff that may lead to their disqualification.

## **9.2. Staff taking medication or other substances**

The school will:

- Ensure that staff members are not under the influence of alcohol or any other substance which may affect their ability to care for children.
- Ensure that staff taking medication that may affect their ability to care for children seek medical advice.

- Always keep medication on the premises securely stored, and out of reach of children.
- Implement a zero-tolerance approach to drugs and alcohol misuse, as outlined in the Staff Drug and Alcohol Policy.

Any medication used by staff will be securely stored in a locked box in the school office.

The school will organise PFA training to be renewed every three years. The list of staff who hold PFA certificates can be found in the school office, the staff room, the head's office and the EYFS department.
- Staff have sufficient understanding and use of English to ensure the wellbeing of children in their care.

All members of staff who have contact with children and families will be supervised by the EYFS lead. The supervision will provide opportunities for staff to:

- Discuss any issues, particularly concerning the development or wellbeing of children, including any child protection concerns.
- Identify solutions to address issues.
- Receive coaching to improve their effectiveness.

#### **9.4. Staff: child ratios**

- For children in Reception classes:
  - Class sizes will be limited to 30 children per school teacher.

Only under exceptional circumstances, and where the quality of care and safety of children is maintained, will changes be made to the ratios. Parents will be informed about staffing arrangements and, when relevant and practical, will be involved in staffing arrangement decisions.

### **9.5. Key person**

Each child will be assigned a key person whose role will be to:

- Meet their individual needs.
- Help the child become familiar with the setting.

Staff may take mobile phones on trips, but they will only be used in emergencies and should not be used when children are present. Mobile phones will not be used to take images or videos at any time during trips.

Staff who do not adhere to this policy will face disciplinary action. Staff will report any concerns about another staff member's use of mobile phones to the DSL, following the procedures outlined in the Child Protection and Safeguarding Policy and the Allegations of Abuse Against Staff Policy.

Staff may use their professional judgement in emergency situations.

### **12.3. Use of mobile phones by parents, visitors and contractors**

Parents, visitors and contractors will not be permitted to take photographs or record videos without prior permission. Parents may take photographs and videos only containing their own child during school events. Parents may take group photographs at school events but only with the informed consent of the parents of the children involved.

The school strongly advises against the publication of any photographs or videos taken at the school or school events on social media. ### **12.4. Use of the school's mobile phones and cameras**

Staff will be provided with a school device to ensure that only school devices are used to take photographs and videos. School devices will have passcode protection.

School devices will only be used for work related matters, e.g. recording and documenting a child's learning. School devices will only be used to take photographs in the presence of another staff member and only with the consent of the child's parent.

Staff will not take photographs of bruising or injuries for child protection reasons. Instead, recording concerns forms and body maps will be used to record observations relating to child protection concerns – these can be acquired from the DSL.

School devices will not be taken off school premises without prior written permission from the headteacher. Where staff members have concerns over material on a school device, they will report all concerns to the DSL, following the procedures outlined in the Child Protection and Safeguarding Policy.
